Dear Mr. Wisberg,

I have tried to find your book "Whitewash", all around the New Brunswick, New Jersey area.

Please send me the book or let me know where I can buy it.

I realize you have had quite a lot of difficulty bringing this book to the American people. I only hope that every representative of our government reads your book and takes action to see that all evidence is examined properly. I feel  
(Over)

that you have done the  
American people a service  
in writing this book.

Sincerely

Mrs C. G. Bedsole
